We foster habits of open inquiry and an understanding of our diverse world through a challenging curriculum that creates the connections integral to a nurturing and engaging learning environment.

We believe in educating the whole person so all members of Bedford High School embody respect, responsibility, integrity, and compassion, with a unique vision and voice. Through good citizenship and service to others, we strive to make positive contributions to the world.

IB MISSION STATEMENT

The International Baccalaureate aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

To this end, the organization works with schools, governments and international organizations to develop challenging programs of international education and rigorous assessment.

These programs encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right.

THE ACADEMIC MACE

The Academic Mace recognizes service above self. The Mace is carried at the head of the Processional by a member of the staff or community who is being recognized for demonstrating service above self in the field of education.
